

# Staff 'In-Out' boards ...

Allow you to stay in control

In these days of staff being increasingly mobile ... it's still crucial business information for you to know if they are 'in' or 'out'.

How unprofessional is it when a customer asks ... if person A is available ... and the answer from reception is ... I don't know if they're in today ?!

Customer frustration = lost business

Our Staff In-Out boards allow you to effortlessly give an immediate answer.

Names can be written on the whiteboard (semi permanent pen supplied) or printed on using modern hand held print devices.

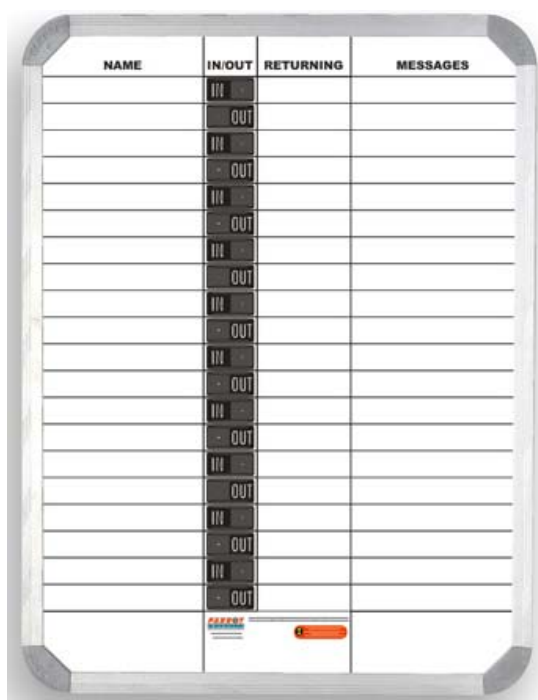

The surface is also magnetic .. so magnets and magnetic name strips could also be used.

The black in-out slide is simple and effective.

Further information can be recorded on the whiteboard indicating the 'Return' time or any relevant messages written ... such as on annual leave etc

Finished in a stylish satin silver aluminium frame with concealed mountings (no unsightly brackets to be seen).

A 450mm aluminium pen tray is supplied .. plus a semi permanent writing pen
