## BENEFIT FROM EXPERIENCE

Brownbuilt has been an Australian industry pioneer since 1885, during which time we have been responsible for many technical innovations in storage systems. Brownbuilt's position as one of Australia's leading suppliers of storage systems for both office and industrial applications reflects a philosophy of continued investment in modern technology and use of the highest quality components.

## ALWAYS THE RIGHT ANSWER

Whatever your needs, a Brownbuilt locker will accommodate them. Our national network of experienced consultants can assist with storage needs analysis to determine individual storage solutions that optimize user comfort, safety and space efficiency. Brownbuilt has an unmatched range of lockers, with modern designs that are both flexible and made to stand the test of time.

### FULL LENGTH LOCKER

Fitted with hat shelf, coat rail and two sliding coat hooks to optimize individual hanging space.

### HALF HEIGHT LOCKER

Designed to maximize storage where ceiling height is restricted, positioning under windows or for school applications.

### TWO TIER LOCKER

Ideal for use where space is restricted. Each compartment is fitted with a coat rail and two coat hooks to store hanging garments. Individual locking for each compartment.

### FOUR TIER LOCKER

Four separate compartments with individual locking. Privacy and protection or valuables, clothing and sporting equipment. **Three tier locker also available**

### EIGHT TIER LOCKER

Maximize storage space for personal items such as bags, shoes and purses, with individual compartment locking.

### DPI LOCKER

Designed for use in the food industry following Department of Primary Industry specifications for hygienic storage.

- Large inspection door vents
- Integrated sloping top
- Galvanized metal construction

## BROWNUILT BENEFITS

### KEY LOCKING

Locker compartments can be individually secured with key-activated cam locks, with 2000 combinations.

### SLOPING TOP

Optional sloping tops at 30° and 45° prevent locker tops being used for storage and to facilitate cleaning.

### HANGING SPACE

Comprises a top shelf for dust protection, and hat shelf with full width coat rail and sliding galvanised coat hooks that can be installed between freestanding lockers.

### LATCHLOCK WITH PADLOCK FACILITY

Rigid alloy construction comprises a finger grip handle with the facility to padlock the handle to the lock bezel housing. Accepts padlocks up to 8mm diameter shackles (padlock not supplied).

### 3-POINT LOCKING MECHANISM

Fitted to full length doors to secure top, bottom and centre. featuring a central cam and metal locking rods.

### HAT SHELF/ COAT RAIL/ COAT HOOK

Firmly fixed shelf for multi-purpose storage. Durable plastic-coated coat rail and two sliding galvanized coat hooks.

## RANGE

Brownbuilt manufactures Australia's largest range of metal lockers, which combine strength and quality. The wide range of sizes and configurations make Brownbuilt lockers ideal for diverse storage applications including factories, warehouses, hotels, offices, schools, hospitals and sporting clubs.

## ADAPTABILITY

Brownbuilt lockers can be grouped into banks for stability or placed back to back to conserve space. Door configurations from single to eight doors mean that Brownbuilt lockers can be specified to maximize your particular storage space.

## QUALITY

Brownbuilt has a total commitment to quality with all products manufactured under a quality system based on Australian Standard AS/NZS ISO 9002:1994.

## DURABILITY

Brownbuilt lockers are constructed with numerous design features to ensure long term durability and operator safety, including:

- rigid carcass configuration
- sturdy internal hinges
- welded door support channel
- firmly fixed internal shelves
- slot ventilation design

Brownbuilt lockers are supplied with a 5 YEAR WARRANTY and are supported by Brownbuilt's national installation and service network.

## FINISH

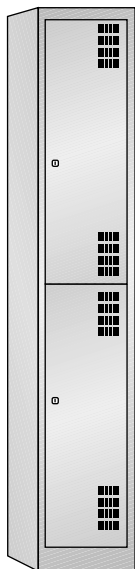

Brownbuilt lockers are painted using modern thermo-set powder coatings, which are thicker and more durable than baked enamel finishes. A wide selection of standard colours allows integration into most office and industrial environments.
