NO ANCHORS

> The **Anchormat** formulation is **twice-extruded PVC** to produce a clearer mat for interior decor and style. It is not extra-plasticised.

> **Anchormats** contain **no banned substances** - harmful and banned plastics such as phthalate are not used in manufacturing Anchormats.

> **Anchormat No Anchors** with **crystal edges** allows easy roll on or off.

> **Anchormat No Anchors** will allow chair wheel movements to be easier on your back and will not cause premature wear pressure to the office chair wheels and base.

> **Anchormat No Anchors** is to be used over all modern hard floors surfaces, such as concrete, polished, tiles, timber and vinyl.

No Anchors
