

Barrier Safety Systems

work smart ... work *safe*

Bright, safe and economical.

Our Safety Q stands really allow you improve the safety in your workplace.

Ideal for areas including : warehouse, school grounds, colleges, elevator or lift maintenance, sports grounds, golf clubs, car workshops, agricultural trade days etc.

Manufactured in long lasting plastic.

Each stand is supplied with a 'S' hook that allows the chain to be easily attached.

Overall height is 970mm

Base is 355mm

Pole diameter is 80mm

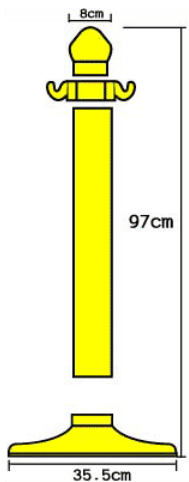

Bright safety colours for maximum attention.

Flat packed for easy assembly

Not recommended for road use as the base unit is not weighted.

Also available ...

- * Retractable belt barrier stands
- * Executive barriers stands with rope
- * 'Little Buddy' café stands
